# BWX Technologies Reports First Quarter 2021 Results and Commences New Multi-Year Guidance Framework

- Generates 1Q21 earnings of \$0.73 per share on consolidated revenue of \$528 million
- Reports robust backlog of nearly \$5.2 billion driven by Naval Reactors bookings and other wins
- Reiterates 2021 guidance: non-GAAP earnings range of \$3.05 to \$3.20 per share
- Initiates new \$500 million share repurchase authorization
- Commences new multi-year guidance framework for growth, free cash flow and capital allocation

**Lynchburg, VA** - **May 3, 2021** - BWX Technologies, Inc. (NYSE: BWXT) ("BWXT", "we", "us" or the "Company") reported first quarter 2021 revenue of \$528 million, a 2.6% decrease compared with \$542 million in the first quarter 2020. Net income for the first quarter 2021 was \$69.7 million, or \$0.73 per diluted share, compared with GAAP net income of \$75.5 million, or \$0.79 per diluted share, in the prior-year period. A reconciliation of non-GAAP results is detailed in Exhibit 1.

"Solid first quarter results were complemented by the achievement of several important milestones including new wins in microreactor programs, new agreements and progress in medical isotopes, and completion and booking of the multi-year pricing agreement with Naval Reactors," said Rex D. Geveden, president and chief executive officer. "Not only do these milestones boost backlog to near-record levels, but they also strategically position the company to execute and continue to grow."

"We also commenced a new multi-year guidance framework in our presentation materials, which we see as the first step towards a more comprehensive business outlook at an investor day later this year. Our focus over the medium-term will be to drive smart, long-term growth across the company, efficiently convert profits into cash, and return more than 50% of free cash flow to investors," said Geveden.

#### **Segment Results**

Nuclear Operations Group (NOG) segment revenue was \$402 million for the first quarter 2021, a 5.1% decrease from the prior-year period, driven by higher production volume which was more than offset by lower long-lead material production. NOG operating income was \$74.4 million in the first quarter 2021, an 18% decrease compared with the prior-year period driven by the less long-lead material production and fewer favorable contract adjustments that were driven in part by the negative impacts from COVID absences early in the year, resulting in first quarter 2021 segment operating margin of 18.5%.

Nuclear Power Group (NPG) segment revenue was \$107 million for the first quarter 2021, a 22% increase from the prior-year period primarily due to higher field service, parts manufacturing and fuel handling activity, partially offset by lower component manufacturing volume. NPG operating income was \$10.3 million for the first quarter 2021, a 22% and 20% respective GAAP and non-GAAP increase from the prior-year period driven primarily from higher volume. First quarter 2021 segment operating margin was 9.6%.

Nuclear Services Group (NSG) segment operating income was \$5.7 million for the first quarter 2021, down slightly compared with \$6.4 million of operating income for the first quarter 2020 driven by the sale of the U.S. commercial nuclear services business in 2020, which was partially offset by better contract performance.

#### Cash and Capital Returned to Shareholders

The Company generated \$98.4 million of cash from operating activities in the first quarter 2021, compared with \$6.4 million of cash utilized in operating activities in the first quarter 2020 driven primarily from the receipt of a single \$88.7 million cash payment on January 4, 2021, that historically was received before the end of the prior fiscal year. As of March 31, 2021, the Company's cash balance, net of restricted cash, was \$57.7 million.

On April 30, 2021, the BWXT Board of Directors approved a new share repurchase authorization for \$500 million with no expiration date and declared a quarterly cash dividend of \$0.21 per common share. The dividend will be payable on June 9, 2021, to shareholders of record on May 19, 2021.

During the first quarter 2021, the Company returned \$40.3 million of cash to shareholders, including \$20.0 million in share repurchases and \$20.3 million in dividends.

#### 2021 Guidance

BWXT reiterated all components of 2021 guidance:

- Non-GAAP EPS range of \$3.05 \$3.20 (excludes pension and post-retirement benefits mark-to-market)
- Consolidated revenue growth of low-single digits vs. 2020 results
  - NOG revenue up slightly
  - NPG revenue growth of ~6%
- · Non-GAAP operating income and margin
  - NOG operating margin of "high teens" with upside from CAS pension reimbursement
  - NPG operating margin of ~13%
  - NSG operating income range of \$25-30 million
- Capital expenditures of ~\$250 million

The Company does not provide GAAP guidance because it is unable to reliably forecast most of the items that are excluded from GAAP to calculate non-GAAP results. These items could cause GAAP results to differ materially from non-GAAP results. See reconciliation of non-GAAP results in Exhibit 1 for additional information.

#### Conference Call to Discuss First Quarter 2021 Results

**Date:** Tuesday, May 4, 2021, at 9:00 a.m. EDT

In addition, you may elect to automatically receive e-mail alerts and other information about BWXT by enrolling through the "Email Alerts" section of our website at http://investors.bwxt.com.

#### Forward-Looking Statements

BWXT cautions that this release contains forward-looking statements, including, without limitation, statements relating to backlog, to the extent they may be viewed as an indicator of future revenues; our plans and expectations for the NOG, NPG and NSG segments including the expectations, timing and revenue of our strategic initiatives, such as medical radioisotopes; disruptions to our supply chain and/or operations, changes in government regulations and other factors, including any such impacts of, or actions in response to the COVID-19 health crisis; and our expectations for 2021 and beyond. These forwardlooking statements are based on management's current expectations and involve a number of risks and uncertainties, including, among other things, our ability to execute contracts in backlog; the lack of, or adverse changes in, federal appropriations to government programs in which we participate; the demand for and competitiveness of nuclear products and services; capital priorities of power generating utilities; the impact of COVID-19 on our employees, contractors, suppliers, customers and other partners and their business activities; the extent to which the length and severity of the COVID-19 health crisis exceeds our current expectations; the potential recurrence of subsequent waves or strains of COVID-19 or similar diseases; adverse changes in the industries in which we operate and delays, changes or termination of contracts in backlog. If one or more of these risks or other risks materialize, actual results may vary materially from those expressed. For a more complete discussion of these and other risk factors, see BWXT's filings with the Securities and Exchange Commission, including our annual report on Form 10-K for the year ended December 31, 2020 and subsequent quarterly reports on Form 10-Q. BWXT cautions not to place undue reliance on these forward-looking statements, which speak only as of the date of this release, and undertakes no obligation to update or revise any forward-looking statement, except to the extent required by applicable law.

#### About BWXT

At BWX Technologies, Inc. (NYSE: BWXT), we are People Strong, Innovation Driven. Headquartered in Lynchburg, Va., BWXT provides safe and effective nuclear solutions for global security, clean energy, environmental remediation, nuclear medicine and space exploration. With approximately 6,700 employees, BWXT has 12 major operating sites in the U.S. and Canada. In addition, BWXT joint ventures provide management and operations at more than a dozen U.S. Department of Energy and NASA facilities. Follow us on Twitter at @BWXTech and learn more at www.bwxt.com

<sup>(1)</sup> Tables may not foot due to rounding.

<sup>(2)</sup> BWXT is providing non-GAAP information regarding certain of its historical results and guidance on future earnings per share to supplement the results provided in accordance with GAAP and it should not be considered superior to, or as a substitute for, the comparable GAAP measures. BWXT believes the non-GAAP measures provide meaningful insight and transparency into the Company's operational performance and provides these measures to investors to help facilitate comparisons of operating results with prior periods and to assist them in understanding BWXT's ongoing operations.

<sup>(3)</sup> BWXT has not included a reconciliation of provided non-GAAP guidance to the comparable GAAP measures due to the difficulty of estimating any mark-to-market adjustments for pension and post-retirement benefits, which are determined at the end of the year.
